**JUSTIN DEVILLIER** CHEF/PROPRIETOR *Justine New Orleans, LA*

I've been using Steelite for so long, and the thing that draws me back is first and foremost their customer service and accessibility. They are very involved with what the chefs are doing, what the chefs want, and what everyone's looking for, as well as going out of the way to go above & beyond to meet the needs of us hyper-creative people who are always changing our mind. Not to mention, with Steelite's wide variety of products, you get a really good opportunity to capture that vibe or restaurant concept you are searching for. As long as I've been a chef, especially a purchasing chef since 2007, I've used nothing but Steelite for my tableware. It has been an amazing experience and I'm not planning on stopping anytime soon.

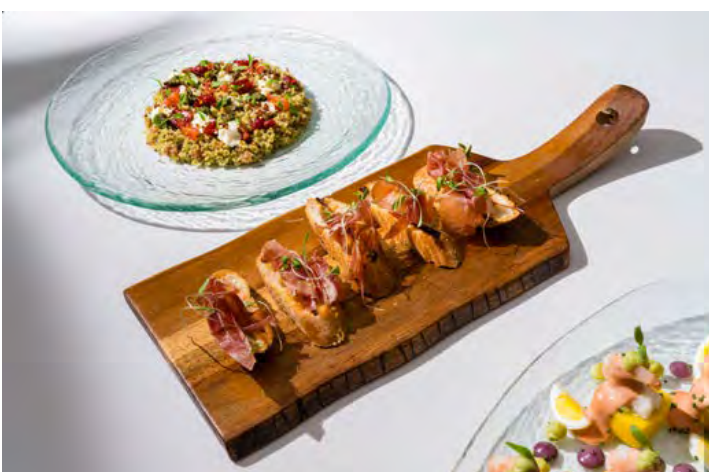

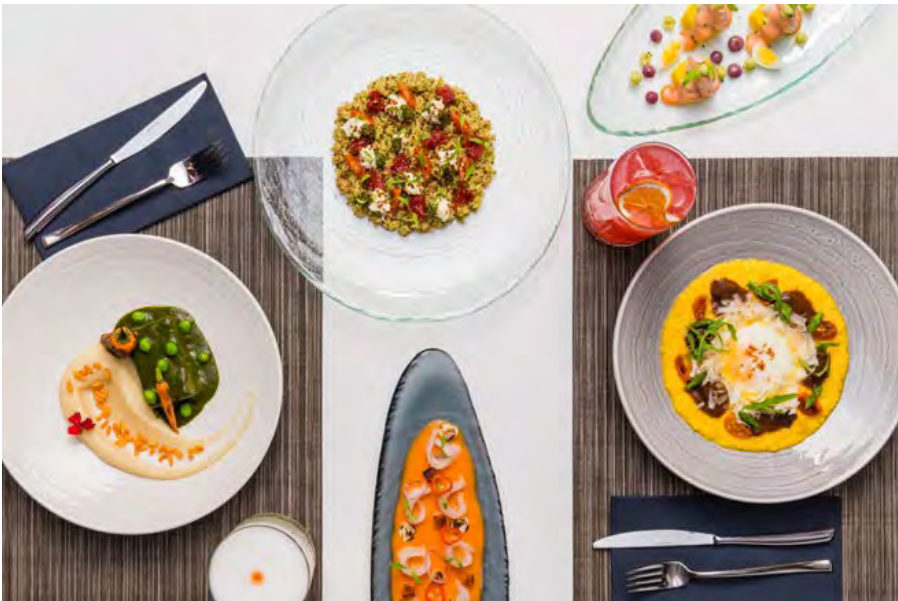

**MEG BICKFORD** EXECUTIVE CHEF • *Commander's Palace* New Orleans, LA

Steelite products are a chef's dream in a busy kitchen like Commander's Palace. They stand up to everyday wear and tear, while being easy to clean and maintain. Along with being solid, they beautifully complement each dish with their elegant design, allowing our food to shine.

**TOMMY DIGIOVANNI EXECUTIVE CHEF • Arnaud's New Orleans, LA**

Prior to Steelite our plates were much smaller, so when we switched, we were given a larger canvas to work with. I love the custom red rim accents, as well as the coffee cups & salad plates with our logo because it enhances our brand and gives us a bigger identity. As for durability, we have been running the same set for a couple years and it has been holding up really well considering our turnover of 980-1,200 plates per night. Their plates and flatware are both solid & durable, and they look great on the table.

**MAXIMILIANO PAZO** DIRECTOR OF OPERATIONS • *Libertador Hotels, Resorts & Spas Peru*

Intursa and their diverse portfolio of hotels, I like to work with brands that have a wide enough range of products so that I do not repeat the same dining concept from one hotel to another. The restaurants in our hotels have very different concepts that reflect the culinary variety of a country as rich and diverse as Peru. Fortunately we have Steelite, which is not only the perfect match to highlight any innovation of our chefs, but also helps to intensify the sensory experience that we want to convey in each dish.

**BLAKE FOGELSONG**  
OWNER

**AARON GREGORI**  
EXECUTIVE CHEF

**BLAKE FOGELSONG** OWNER / DIRECTOR OF OPERATIONS • *Grindstone on the Monon Westfield, IN*

Steelite has been a staple in our kitchens for more than 10 years. As a restaurant owner, I find there is a difference between art and commerce, but working with Steelite, I am able to find both. Steelite plates are a clean canvas to showcase the art that is our food; and they match the concept and design of the restaurant, while maintaining the affordability of having such beautiful and durable plates on my table every day at the restaurant.

**CARL CHAMBERS** CORPORATE CHEF *Nesso in the Alexander Hotel Indianapolis, IN*

I enjoy Steelite plates for simple yet innovative design, quality, and durability. There are few things better for a chef than having a great canvas to plate on.

*Legal Seafood*

**MATT KING** CHIEF CULINARY OFFICER • *Smith & Wollensky, Strega Italiano and Legal Seafood Boston, MA*

I am proud to partner with Steelite. We started using custom made Steelite china in Smith & Wollensky a few years back and could not be happier with the quality and durability. The diversity of styles that are available and designed to complement our food has allowed us to expand into our other restaurants covering all of our tabletop needs. Running very busy restaurants and serving 20,000 meals a day across them all, you can be assured that Steelite products stand the test of time.

***smooth, modern lines provide a dramatic tabletop statement***

Offering a modern departure from the traditional table setting, Sheer takes geometric design to new levels. Cool and contemporary in style, Metro looks equally stunning with its softly rounded corners and curved edges. An ideal complement to the modern ranges of Sheer and Metro, Neo offers a smooth, refreshing take on traditional shape and design. Likewise, Contour offers a truly individual presentation, with seamless lines and a modern twist on round platerware.

David Kinch

*a daring pattern for a dramatic presentation*

Koto, one of Steelite International's most unique ranges, was designed in collaboration with world renowned chef, David Kinch. The inspiration was drawn from ancient Japanese Tenmoku Glazes. These beautiful glazes vary subtly in texture and tone from piece to piece, embodying the craft of the traditional potter. The pieces are hand finished with a rich iron red glaze, which interacts in the kiln to produce a warm, organic, lustrous effect. The deep black textured surface allows food to be perfectly framed, adding drama and contrast to your presentation.

*tone-on-tone reactive glazes*

Inspired by the performing night skies of the Aurora Borealis, the Aurora collection from Steelite is as unique as the artisan that created it. Aurora Vesuvius is achieved by using complementary glaze colors inside and outside each piece to create a tone-on-tone effect. With finishes in Burnt Emerald/Jade, Lapis/Bluestone, Amber/Sandstone, and Rose Quartz/Sandstone, Aurora Vesuvius will create a stunning presentation for any tabletop.

*beautifully fractured linear patterns*

Crackle patterns have a long and distinguished history going back many years. Crackling occurs when the glaze contracts on the surface of the clay body, causing it to fracture into beautiful linear patterns, covering the entire surface of the glazed piece. Available in Crackle Black and Crackle Grey, Ink will add texture and color to casual and contemporary food presentations, and is aesthetically compatible with both plain white and many of our craft inspired ranges.

*heightened senses, amplified presentation*

Urban appeals to a sharper, city aesthetic where food is still tied to the traditional values of honesty, integrity and authenticity, but requires a slightly more formal, more defined and refined presentation style. Emulating a concrete look, Smoke is a new collection of tableware that takes its inspiration from the aesthetics associated with the act of cooking. The subtle and nuanced tones of grey contrast with the darker reactive elements to mirror the effects of browning and searing, creating a connection between the food and the plate.

As we continue to celebrate 10 years of Craft, we are excited to introduce the latest colorway, Apple. The growth of interest in plant-based and health-conscious menus are deserving of a bright & energetic hue like Apple. Promoting a feeling of wholesome wellbeing, this distinctly contemporary tone is great on its own or mix & match with the existing Craft colors to create an eye-catching presentation.

*hand-applied glazes*

Create a memorable experience for diners with Licorice and Porcini, two striking colors within Craft tableware collection. Licorice adds drama and sophistication to the entire range and is in sync with the current trend for black tableware. Visually appealing, Porcini works well with the existing Craft colors, amplifying the rustic effect and reinvigorating an already iconic and market-trusted range. The range embodies the beauty of rich, lustrous glazes applied by hand, and celebrates chance effects and reactions which occur in the kiln.

*crisp, timeless, and elegant styling*

Bead defines a classic approach to dining, one which embodies best practice for back of house ease-of-use while delivering beautifully presented dishes to delighted diners. This range consists of two elements: Bead and Bead Accents, which can be mixed for a personalized collection. A classic linear design is carried across the main collection of Bead items, while the Bead Accents component offers an alternative decorative style to key presentation items alongside the classic iteration. The Bead Accents decoration provides a contemporary element that adds texture and visual excitement.

*simple, yet sophisticated*

The Nordic region has become synonymous with a chef's skill in utilizing the very best local ingredients to develop a dish, and then presenting them in a sympathetic and contemporary manner. Such an important culinary aesthetic deserves its own platform and the new Nordic range encompasses these shared design values. The simple yet sophisticated plate profile allows the chef space to present dishes that can 'breathe' while simultaneously being framed by a deep, gently curving rim. The result is a beautiful surface to showcase some of the most innovative and influential cuisine.

*“in praise of shadows” ~Jun’ichiro Tanizaki*

Atelier: the name evokes the hand of craftsmen and the tradition of artisanal fabrication. The realization of this fluid optical design was through the collaboration with artisans, who hand carved the models for each piece. The calculation of the embossment and the glazing produces an effect of ebbing water in the tide pools. Designed with fine dining in mind, the lightness in weight and porcelain color speak of quality and craftsmanship. “Atelier is inspired by nature, light and shadows. I was reminded of the days by the sea, watching the changes in the sand & pools of water brought by the ebb & flow of the tides. The element of water in motion.” - Rene Ozorio

Classic, yet contemporary porcelain, the Sonata collection's embossment is a delicate note which complements the strong direction of the shapes. A welcome departure from the formal "nouvelle" and "fusion" cuisine of the past, Sonata's sophisticated embossment of radiant lines centers the visual focus on the well of each plate and bowl, placing emphasis on the cuisine being served.

Bringing the chef's presentation to sharp focus is what first inspired the Parentheses collection. Smooth, clean lines of each piece bring the emphasis to the center of the plate. *handmade & organic appeal*

Forager by Robert Gordon is designed with a carefully applied reactive glaze that free-flows over each shape to create a unique finish that is different on every piece. Featuring an unglazed bottom, this collection highlights the richness of raw materials through exposed stoneware and offers a handmade & organic appeal. From the creator himself, Robert “Andy” Gordon, he compares the signature tray design to “tree bark once used to gather things such as forage seeds, berries, and roots for the forest”, hence its namesake, Forager. Unlike any other, these enduring & functional shapes are finished with a stamp of Andy’s handwritten signature and will enhance any foodservice presentation.

*unique, natural, extraordinary*

The Potter's Collection by Robert Gordon includes an exciting and informal assortment of plates, platters, bowls and accessories in three unique colors: Pier, Shell and Storm. Each color has a distinct finish that is stunning on its own or can be beautifully mixed to create an unforgettable tabletop. The reactive glaze on Pier & Storm ensures that no two pieces of this Australian-designed porcelain will be exactly alike, and Pier's neutral taupe and Storm's deep blue color intensity varies from piece to piece. Shell features a satin, creamy-white finish with tiny flecks of dark brown throughout, making it the perfect canvas for your food presentation.

*natural & eclectic*

The new Adelaide Collection from Robert Gordon consists of a reactive glaze finish on embossed porcelain wares. Birch, with its crackled glaze effect is fired three times in order to achieve the glossy translucent, creamy white color with the natural clay body showing underneath. Brown reactive glaze edges and embossments create an incredible color contrast, ultimately framing the food presentation.

*a nostalgic casual dining favorite*

Much-loved foodservice industry for decades, Rolled Edge & Narrow Rim is classic ivory dinnerware with a traditional appeal for most tabletop environments. Rolled Edge features a wide, food-framing rim and an appealing ivory finish. Bringing its own strikingly nostalgic charm to the table, Narrow Rim features a deep well which provides ample plating space for more generous portions and sauce-based entrées. The smaller rim also magnifies plating space and lends the impression of a more fulfilling portion, saving you precious tabletop real estate without sacrificing portion size. The Alumina body offers exceptional durability and resists scratches, chipping, and center-plate impact. Its superior heat retention ensures that food will stay warm from the kitchen throughout the meal. Rolled Edge & Narrow Rim also offer an extensive selection of unique items and accessories, the right piece for every purpose.

*maximize your plating area*

FlipSide is a collection of coupé shapes with an embossed rib design that accents both the inside and outside of each piece. While the embossments around the inside of the rim help frame the food, the embossments on the exterior provide a unique & natural grip for holding onto. The modern coupé shapes maximize the plating area, with rims that come up high enough to contain sauced presentations.

*serve with continental flair*

Inspired by the dramatic and graceful pointed arches of the great European cathedrals, this traditional dinnerware lends timeless elegance to dining tabletops and interiors. Gothic® features a subtle lattice sculptured rim motif, evoking the enduring architecture of some of the most breathtaking structures in the world. Gothic enhances food presentation with its graceful lines and mirror-like finish in a high-fire glaze. Destined for the fashionably elegant dining experience, Gothic presents a thin profile, yet is highly durable and abrasion-resistant. A medium depth well contains sauces, and Gothic's lattice sculpturing on the rim provides beautiful food framing.

FIESTA DINNERWARE

*an american icon™*

One of the most collected dinnerware products in the world, the Fiesta® line was designed by Frederick Hurten Rhead and introduced to the American public by The Homer Laughlin China Company® in 1936. A.V. Bleining brought the bright hues to the forefront, further popularizing the line. Introduced initially in just five colors, Fiesta was an unprecedented sensation. Today, Fiesta continues to add unparalleled character and vibrance to every table. Thirteen bold colors complement each other beautifully and can be mixed and matched with different shapes to ramp up or dial down the color range to suit your unique presentation or culinary whims. Fiesta's classic—and now famous—Art Deco design, with its concentric rings and stunning colors, making it the quintessential statement of retro American style.

*statement dinnerware for the bold*

Skull and Vine® adds an air of mystical celebration to every meal. The intricate pattern, inspired by symbols of the Day of the Dead holiday (Día de Los Muertos), comes in two dramatically contrasting colorways: Skull and Vine Foundry, features a metallic design on a matte black cast-iron-like finish. Skull and Vine Sugar boasts a festival of Fiesta® colors on a classic white ceramic background. Whether you want to create a dark and mysterious aura, or a bright, festive atmosphere, Skull and Vine attract plenty of attention to the table. It is dinnerware for the bold and adventurous establishment, no matter the menu.

Venus by Catherine Hurand offers a bold new direction in glass dinnerware that gives the impression of dancing flames frozen in time. Evoking a wild, organic feel, while still maintaining a sensual, feminine air, Venus sets any tabletop apart from the rest. Though seemingly free-form, each Venus piece is uniform in shape, offering stackability. "This juxtaposition of uninhibited style with uniform structure creates the perfect piece for optimizing both practicality and presentation. To make the sparkling frost of the dawn dance," says Catherine Hurand, "I've played with fire."

### *creating designs to enhance any table setting*

Founded in 1955, Robert Welch Designs is a family run business based in England at Chipping Campden in the Cotswold District. Today's in-house team works from the original 18th century Cotswold Silk Mill which Robert founded, ensuring that Robert's memory lives on and that every new product continues to be 'Designed the Robert Welch Way':

- Comfort and use is at the heart of the design process
- Spoons and forks are made using the highest quality 18/10 stainless steel
- Knife blades are made from specially hardened stainless steel to provide the finest possible cutting edge
- Each piece is rigorously tested; the weight, shape, style and finish all combining to enhance the overall diner experience

With multiple accolades including the Red Dot Design Award, Good Design Award, Product of the Year Award, and two highly coveted Queen's Awards for Innovation and International Trade, Robert Welch products can be found in some of the world's most prestigious hotels and restaurants; on first-class rail services and aboard cruise-liners and international airlines.

*superb design, outstanding performance*

Trudeau professional salt & pepper mills combine durable, resistant materials with superb design. Each pepper mill features a spring loaded, carbon steel grinding mechanism for consistent and efficient output. Likewise, the salt mill's wear-resistant, stainless steel alloy grinding mechanism offers protection from sea salt corrosion while allowing for the powder-fine grinding of small or large sea salt crystals.

*servicing up cultural food trends*

While hot pots have been an essential part of the Chinese dining culture for centuries, this unique concept has become a fast-growing restaurant food trend and we have two great options to accommodate. Our large hot pot is divided into 2-quart sections, allowing for two different broths to be simmering in the same vessel, making this a versatile option for diners who enjoy variety. While the small 1.6 quart hot pot is the perfect size for a small tabletop, and both sizes can be used with optional heat element bases or on induction cooking surfaces.
