sophistication for any setting

The Fusion Buffet System is a unique and versatile solution for your foodservice presentation. With multi-sized risers, juicers, and baskets, you can mix and match your display with the numerous wood & metal finishes available. Designed from reclaimed wood, the teak products are environmentally friendly and cost effective, while its natural properties make it resistant to heat, light and moisture. Resin, tempered glass or teak wood tiles can also be used to add new heights, while the 14" risers can be outfitted with universal inserts that make cooking and heating easier.

chafing dishes at a phenomenal price point

We are pleased to bring hydraulic closing chafing dishes to the Creations collection. Each chafer has a convenient large glass view in the cover in order to increase visibility of the food while minimizing the times the lid is opened, therefore keeping the heat in and the food at proper serving temperature. Additionally, the easy-to-remove hydraulic lid closes on its own to ensure that food is kept safe and covered during service. Great for any buffet display, these chafers are induction capable and perfectly priced for even the most value-conscious operators.

cleverly designed for your buffet presentation

D.W. Haber's rolltop chafers feature the acclaimed patented balance-cover mechanism which prevents the lid from slamming back. These stainless steel vessels have a clever condensation return which returns water back to the water pan, and are also available with electric heat. The chafers work well in any buffet occasion, and pair perfectly with the hinged and liftoff-lid marmites. Available in Tempo, Tower and Millennium bases, the marmites by D.W. Haber feature double boilers so you never burn your soup or oatmeal.

reducing the spread of germs

Pouring a cup of coffee or juice just got easier with D.W. Haber's Touchless Faucets. Simply press a cup against the dispenser to activate the flow and pull away once filled. The Touchless Plus is hands and drip-free, and its wide body targets the side of the glass and not the rim, which ultimately reduces the spread of germs. Made of 18/10 stainless steel, the spouts are resistant to rust and fit any D.W. Haber and WNK urn or juicer on self-serve stations and buffets.

servicing up cultural food trends

While hot pots have been an essential part of the Chinese dining culture for centuries, this unique concept has become a fast-growing restaurant food trend and we have two great options to accommodate. Our large hot pot is divided into 2-quart sections, allowing for two different broths to be simmering in the same vessel, making this a versatile option for diners who enjoy variety. While the small 1.6 quart hot pot is the perfect size for a small tabletop, and both sizes can be used with optional heat element bases or on induction cooking surfaces.

ovenware with the 'wow' factor

Experience the "crème de la crème" of ovenware with Pillivuyt's top of the line collection. Designed to withstand intense heat, Pillivuyt Ovenware is fired at 2500° F, ultimately allowing food to retain natural juices and crusts to become perfectly browned. Internationally known for versatility, even heat conduction, durable body strength and a seamless flow from oven to table, Pillivuyt is the obvious choice for premier ovenware.

MORE FROM MOGOGO

For more information, scan the code to view the Mogogo digital catalog.

Mogogo is led by designers and chefs that are aiming to introduce innovative, luxurious, and highly functional equipment to foodservice professionals, with an environmentally friendly philosophy in mind.

Modular
SYSTEM

MODULAR COLLECTION

Mogogo's flagship collection, The Modular System, allows you to use our generic components in various ways to create endless configurations. The Modular System holds the Classic and Creative Ranges, and a large variety of matching add-ons. Our Classic Range consists of buffet tables and shelves, functioning as building blocks to the Mogogo System. Our Creative Range comes with a curved slim look, offering unique features based on our vast experience in large foodservice operations.

cliX
TABLES

CLIX COLLECTION

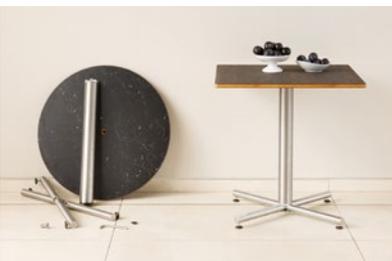

CliX is both highly functional and stylish, with the intention to make the lives of our customers a little bit easier. CliX is inspired by the existing strengths of Mogogo's exploring efficiency and storage, from these two function defining parameters came our patent pending quick-lock mechanism. One click to attach and one twist to detach, CliX delivers a product that is easy to assemble and store. Available in three different finishes

Canvas
SHELVING SYSTEM

CANVAS COLLECTION

The Canvas Collection is a modular shelving system, acting as a blank page allowing professionals to accomplish their creative vision. It is ideal as a back bar or for showcasing food and beverages and related products. It combines function with uncluttered aesthetics to create this versatile range of shelving, taking into consideration the challenging requirements of foodservice.

PoLo
TABLES

POLO COLLECTION

The PoLo Tables are lightweight and extremely versatile, born from our unique Modular System. Available in Round, Square, or Oval Tabletop shapes, it offers a wide variety of combinations. This approach allows for the same coffee table to be effortlessly transformed into a bistro or bar table and then into a champagne or dessert station. It provides you with flexibility while also retaining simplicity and style.

Roll'n
SERVICE CARTS

ROLL'N COLLECTION

The Roll'n Service Cart collection starts with core elements. It's an elegant and functional cart. With heavy-duty silent casters, and a slick genuine leather covered handle to ride with style! it easily drives from back of the house to the front of the house and anywhere you wish. Adding accessories can transform the Roll'n into a variety of usage, cocktail cart, dessert cart and more.

V-Shield
SYSTEM

V-SHIELD COLLECTION

Mogogo's "Free Standing" V-Shield System was designed for safety, without sacrificing quality and aesthetics. It can be utilized on most surfaces of any length with adaptive features to turn corners and shield the edges. The system consists of two different size guards with the option of a full or partially full-length acrylic panel, depending on the specific application. The V-Shield legs are equipped with magnets, alignment notches and anti-slip pads for additional stability and a clean gap-free appearance.

designed for safety

Create an inviting, yet safe food service display with Mogogo's breath guards. Designed specifically for safety while ensuring function, quality and aesthetics, these breath guards are available as attachments to Mogogo's existing modular carts which include self-service and high profile. The self-serve guards are sized to protect the food while the high profile guards are intended for manned stations to shield both the staff and food. In harmony with high quality standards, these acrylic guards provide an ideal solution for the food & beverage industry.

Care & Use Guide

Seventy percent of product damage/loss occurs at the dishwasher table. To avoid such damage, ensure that the dishwasher table has sufficient space to store dirty items and avoid overloading trays or trolleys. All items should be separated into type prior to washing. All washing equipment chemicals should be maintained and checked regularly. Check stock often; storage facilities should allow for stock rotation to prevent overuse.
